

## 05.

## PAINTING FOR RECONCILIATION Students' Exhibition

In accordance with a wish of President Mahinda Rajapakse, the Nena Guna Weduma: Sisu Diriya National Programme was initiated to help improve the academic environment of students who were rendered orphans or homeless by the Kebithigollewa bomb attack of 2006. The fruits of the many efforts taken to serve this end were displayed at numerous exhibitions organized throughout the years concerning the areas of aesthetics, skill development, IT, and health.

The course of Nena Guna Weduma marked by these various milestones has been recorded in photographs, which were exhibited in numerous instances at numerous places. These exhibitions were held in parallel to various monthly programmes of Nena Guna Weduma that featured many group activities, lectures, and other activities aimed at facilitating social integration and cohesion.
